

Verification Report

Verification Opinion

Verified as Satisfactory	
Based on the process and procedures conducted, the GHG statement contained in the GHG Report Crown_Oil_BCA_2023_2_Revision_D produced by Crown Oil Limited (group of companies):	<ul style="list-style-type: none"> Is materially correct and is a fair representation of GHG data and information
	<ul style="list-style-type: none"> Has been prepared in accordance with ISO14064-1:2018 and its principles
The following improvements were raised in relation to future reporting	<p>Consider formalising inclusions and exclusions on purchased goods and services and capital goods sheets for consistency.</p> <p>Consider how they account for the increasing number of car charging points on sites, although currently de-minimis this may not always be the case.</p>
